## PHANGLE SOLAR *easy*

Street Light System Solar LED

	Total height outside ground mm 8000 (excluding photovoltaic module)
	Plate burying mm 110
	Thickness mm 4
	Pole diameter mm 193,7
	Total weight kg 265
	Lamp distance from ground mm 8000

	Deep cycle lead batteries
	Settable PV module inclination 10° 30°
	PV module power 250W
	LED lamp power 70W (single arm) LED lamp power 50W (double arm)
	Battery 2x12V/150Ah (single arm) Battery 2x12V/200Ah (double arm)

Solar Controllers with protection functions

### Applications

- ◆ Street Lighting
- ◆ Roadway Lighting
- ◆ Pathway Lighting
- ◆ Ramp Lighting
- ◆ Sidewalk Lighting
- ◆ Private Road Lighting
- ◆ Farm Lighting
- ◆ Wildlife Area Lighting
- ◆ Perimeter Security Lighting
- ◆ Park Lighting
- ◆ Gate Lighting
- ◆ Railway Yard Lighting
- ◆ Fence Lighting
- ◆ Campus Lighting
- ◆ Ship Dock Lighting
- ◆ Remote Area/Villages Lighting
- ◆ Military Base Lighting
